

Term 3

My Restaurant Rules!

DETAILS

Imagine you are about to open your own little restaurant.

Where will you open it? What food will you offer? What costs do you need to consider? How many employees will you need?

In this course, you will design your space, create and budget your menus and get to cook up a storm. Some parts will have to be completed in between sessions to be able to maximise the time of cooking on the day.

*Please note that this course will be partially run at Geraldton Senior High School where we will be able to use the kitchen facilities in the Home EC Room for a couple of hours in the morning.

WHAT TO BRING

All students should bring in recess and lunch, a water bottle and hat.
