

Term 4

Graduation Course
Includes: 3D Printing and a Science
Experiment

DETAILS

In this course, Year 6 students will reflect on their experiences in the PEAC program, review what they have learned, write and deliver speeches, prepare invitations, and enjoy themselves throughout the process.

Additionally, we will explore various experiments, including bread science.

Parents, please mark Wednesday 27 November in your calendars as this will be our Graduation Day and party.

WHAT TO BRING

All students should bring in recess and lunch, a water bottle and hat.
